The information and experiences provided by **SonicStuffedAnimals.com** (the "Website") are for educational and informational purposes only. By using this Website, you acknowledge and agree to the following:

1. Educational and Wellness Purpose

This Website is an educational platform centered on wellness, sound healing vibrations, and Positive Psychology Conversational AI. The content, including any AI-generated interactions, is designed to promote well-being and provide educational insights into sound therapy and positive psychology. It is not a substitute for professional medical advice, diagnosis, or treatment.

2. Not a Toy

Although the name "Sonic Stuffed Animals" may suggest a plaything, the digital experiences and information provided here are **not toys**. They are wellness tools intended for mindful application and educational exploration.

3. Supervision and Responsibility

Full responsibility for the use of this Website lies with the adult facilitator.

- **Parents and Caregivers:** You are fully responsible for monitoring and directing the interaction of any child or minor under your care with this Website.
- **Teachers and Therapists:** You are fully responsible for the implementation and supervision of this Website's tools when used with students or clients, including elderly individuals. The Website creators do not assume liability for how the AI or sound tools are interpreted or used by end-users.

4. No Professional-Client Relationship

Use of the Positive Psychology Conversational AI does not establish a therapist-patient or counselor-client relationship. If you or the person you are caring for is experiencing a mental health crisis or requires medical intervention, please consult a licensed healthcare professional or contact emergency services immediately.

5. Limitation of Liability

By using this Website, you agree to indemnify and hold harmless **SonicStuffedAnimals.com** and its affiliates from any claims, damages, or direct or indirect consequences resulting from the use of our wellness tools, AI interactions, or sound healing content.

"By continuing, you acknowledge that this is an educational wellness tool and not a toy. Adults, caregivers, and professionals assume full responsibility for the interaction of children or elderly clients. I Agree
